**Kimberly-Clark**

PROFESSIONAL\*

**CREATING  
MORE VALUE  
FOR YOU:**  
with healthier and  
more hygienic  
workplaces

**People are your most important asset. They make your workplace work. At Kimberly-Clark Professional\*, we're on a mission to create exceptional workplaces that are healthier, safer and more productive.**

With strong global consumer brands and 58,000 employees working at our manufacturing and headquarter facilities in 37 countries, Kimberly-Clark Professional\* is uniquely poised to understand both the needs of individual professionals and of business organisations.

This is how we've been able to create the innovative products and services that elevate the work experience through enhanced care, comfort and protection.

# Kleenex® BRAND

People matter so you want to provide them with the best experience in your workplace. By offering Kleenex® products, you can provide the same gentle clean experience that they love at home.

Transform your workplace with this everyday essential that protects, cleans and nourishes, each and every time. Nothing conveys how much you care like Kleenex®.

## Washroom users prefer the Kleenex® Brand<sup>1</sup>

<sup>1</sup>Results of Hall Test research conducted by Sapio Research Agency, January 2017

# Scott® Brand\*

When it comes to meeting the needs of the people who count on you and managing the ever-changing demands of your company, you can trust Scott® products to be the smart choice.

Scott® Brand delivers simple hygiene solutions that help to maximise productivity in your workplace.

## The Scott® Brand makes smart hygiene simple.

# WYPALL® BRAND

WypAll® brand is all about strength, agility and endurance combined with discipline and focus.

We understand that the right tools are the key to maximising performance. Thus, each WypAll® solution is designed for specific tasks, from a simple water spill wiping to a need for industrial fluids absorption, we have the right solution at hand! WypAll® wiping solutions works spot on with you to help fight waste and improve your processes and efficiency.

## THE RIGHT TOOL FOR EVERY TASK

# IMPROVING STANDARDS ACROSS THE WASHROOM

Kimberly-Clark Professional\* has over 50 years of experience in providing washroom solutions including familiar and trusted brands – Kleenex® and Scott®. Using the five Kimberly-Clark Professional\* standards of excellence can help you to choose solutions to meet the needs most important to you.

## Cleanliness

One of the first things people notice when they enter a washroom is cleanliness – in terms of both sight and smell. How does your washroom stack up based on odours, blockages and overall appearance?

## Hygiene

Creating a healthier, more hygienic environment brings out the best in your employees. Are your washroom consumable systems optimised for ease of cleaning? Do your washrooms promote good hand hygiene?

## Efficiency

How efficient is your washroom operation? Are you achieving a balance between operational efficiency and user satisfaction? Discover how to save time and be financially efficient.

## Sustainability

The washroom shouldn't be overlooked in helping achieve sustainability targets for your business. Did you know that by choosing Rolled Hand Towels with compression technology you can save up to 18% in storage and transportation, and achieve up to 23% more hand dries per roll than any other hand towel in the market.

## Satisfaction

Did you know the average workplace washroom is visited 3 to 4 times a day by each employee. Yet the washroom is often overlooked in terms of importance to employee satisfaction.

# SUSTAINABILITY

## Our Sustainability Vision- CREATING A BETTER WORLD FOR YOU

At Kimberly-Clark Professional\*, everything we do – from helping people care for their families, to helping our communities and caring for our planet – is connected to our vision to lead the world in essentials for a better life. Sustainability 2022 is our sustainability strategy and a significant milestone as we celebrate our 150<sup>th</sup> anniversary in business.

### Forest Stewardship Council® (FSC) and EU Ecolabel Certification

Many Kleenex® and Scott® products have FSC or Ecolabel certification, highlighting our commitment to responsible fibre sourcing and to reducing the environmental impact of our manufacturing processes.

A coordinated Aquarius™ range of washroom dispenser systems, designed for hygiene, improved washroom efficiency and to provide an exceptional user experience.

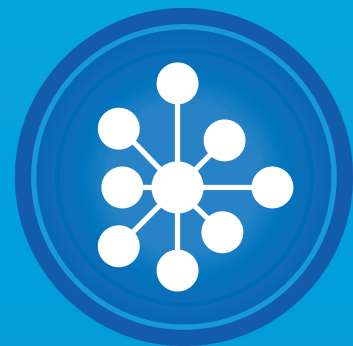

Available in white to enhance the image of your washroom.

One-wipe-clean

No dirt traps

Full washroom range

**No compromise on hygiene or efficiency.**

# HAND TOWELS

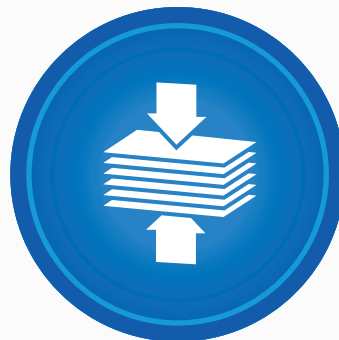

## Our advanced technologies

### AIRFLEX\*

Our patented Airflex\* Technology ensures we deliver efficient hand drying.

- Faster absorbency for more hygienic hand drying
- Strong when wet, dispenses more easily
- Soft textile-like feel, gentler on hands

### COMPRESSION

Compression technology ensures **up to 18% reduction in storage and transportation** versus competitor folded hand towel systems.

Our Rolled Hand Towel systems deliver **up to 23% more hand dries per roll** than any other hand towel in the market.<sup>1</sup>

### STAMP EMBOSsing

Our unique stamp embossing technology for Scott® Rolled Hand Towels **increases end user preference by more than 40%.**<sup>2</sup>

BRAND

**LIMITED USE WIPERS**

## Helping you reduce waste and improve your productivity.

Poor performing products and unreliable dispensing can increase waste and consumption.

As the cost of disposal is based on weight or volume, whether you are disposing hazardous waste or not, using a wiping solution that has superior performance combined with a controlled dispensing solution is critical to reduce your disposal costs and help support the profitability of your business.

Our wiper products feature smart packaging solutions and considering your consumption, they are designed to reduce the amount you dispose of.

With our manufacturing heritage, we understand only too well how critical it is to find ways to reduce costs and improve margins. With this in mind, our products and systems are designed to:

- be easily maintained
- be easily refilled
- be more efficient
- reduce paper waste
- reduce storage space

All of this saving you time and helping you reduce costs.

We can work with you to help you fight waste and improve your processes and efficiency.

## Your Selection Guide

This table illustrates specific wiping features and most appropriate usage, helping you to quickly identify the best wiping solutions for your needs. Please consult the product pages for more specific examples. We will support you selecting the right solution for your application.

# KLEENGUARD™

Essential to an individual's safety and productivity performance is personal comfort and freedom of movement. The worker must be protected, but must also be able to carry out tasks effectively and unrestricted. Discomfort created by badly-fitting equipment can rapidly lead to stress and low productivity

This is why Kimberly-Clark Professional\* places so much importance on the comfort and fit of their KLEENGUARD\* ranges of protective eye wear, respirators, gloves and clothing.

Continuing investment in product development has established Kimberly-Clark Professional\* as one of the world leaders in patented non-woven fabrics that make comfortable protection possible, and as a worldwide recognised high-quality gloves supplier.
