- Complete retrofit kit
- Prevents lock theft
- Special tool bit supplied in kit
- Unique security screws
- Easy to install
- All parts Stainless Steel
- Night latch Allen screws also supplied

ProductDescription

- This Anti-Theft Kit is an important add-on for the TL4s and TL5s Toilet Locks.
- Whether you are situated in a rural area or not, this modification should prevent the lock from being stolen.
- The tool bit and special security screws supplied are not available in South Africa, which makes it very difficult to illegally remove the once installed.
